Rahim Uddin

When the location is found, the dialog box will show the location and the accuracy. The user can then tap 'Record Location' or 'Find Location' to save the location or keep searching for greater accuracy. The dialog box will also show the location and the accuracy.

The dialog box will also show the location and the accuracy. The user can then tap 'Record Location' or 'Find Location' to save the location or keep searching for greater accuracy. The dialog box will also show the location and the accuracy.

When the user clicks on the 'Replace Location' button, the app displays the current GPS location details in a modal dialog. The details include the latitude, longitude, altitude, and accuracy of the location. The user can then choose to either replace the location or cancel the action.

After the user completes the survey, the app displays a 'Thank you' message. The user can then navigate back to the previous screen or proceed to the next screen. The 'Task is Completed' message is displayed in a modal dialog, and the user can choose to either 'Next' or 'Cancel' the action.

### Task is Completed

You have finished filling in this form and can mark this task as completed.

Mark Complete
